To Sir Robert Napier the above letter appeared to contain nothing which was calculated to induce him to modify the resolution he had formal of insisting at all hazards on ook Theodore's surrender. On the contrary, they rées, rather confirmed the impression that the King retui identified the idea of friendship of the English de forces with that of support against his enemies. ede "It is also necessary." remarks the Comman-"If we would avoid acquiring from the perusal of these letters an erroneous conception of

The dore's disposition, to read them less in the than in that of the actions and tenor of his ose past life. Thus if will not be forgotten that. while they were being written, the mangle remains of at least 250 of his countrymen who had been butchered by his order, and some of them with his own hand, were exposed to view t the bottom of the rock from which they had we been thrown. The transperous manner in bey which only a few days before the appearance of ery our army, he plundered the peasants of the with districts round Magdala, who, trusting to his able soleum promise of protection, had always been faithful by him, may be taken as a further illustration of the late King's real character."

----Californian Agriculture. The area of land in this State (says Mr. arok 100,000,000 acres, and it has been estimated fore that over one-third is adapted to agriculture, bich This estimate is undoubtedly a sanguine one. that over one-third is adapted to agriculture.

ring but the capacity of the State for the growth of use. | cereals is enormous, and vast quantities of hilly no- and swamp land, favourably situated, not at zoes present tilled, will be made use of when the more desirable lands are occupied. The past your, the total area of land under cultivation did not exceed 1.850,000 acres, and with a harc of rest below the average, there was for export work 1,000,000 quarters of wheat; it is easy to section. from this what a future the State has before ment her, with an increased population and railway war, communications, as a furnisher of grain to other sious countries; the distance from England and cions France, though great, is of little consequence, since the grain grown here being harvested in such a vices dry condition, as to hear the voyage of from teslar four to five months without any deterioration be in quality. The absence of rain in the sustings h, the months enables the farmore to thrush in the t of field, and thus save much labour; the dryness

fles," of the grain when harvested causes a good destrict in to be shed, but it is frequently made use of by mark being left to grow as a "volunteer" erop the least following year, and it is not uniqueal for this the Wheat has been found the past two years to see pay better than other grain, and the quantity the of oats and burley sown has not increased me the terially in consequence. One serious thing in ad- connection with farming is, that no attention. sain is paid to rotation of crops; wheat fellows sent wheat, or barley barley, without a thought empt being given to the inevitable exhaustion-rinces of the soil, sooner or later. However, monly the lossert that the haid does not deteriorate by the rela-system, that without the aid of granns or manure onive of any kind, they have grown grain for nine or Ser- ten consensive years, without any diminution Frust of the crop. The grape vine is cultivated in all parts of the risate, and although the manufacture of wine has not proved hierarive, it is both, patiented that the quantity will approximate to ashe 2.00 to00 gallons, a good deal of which has however been distilled into brandy, which is found ands to pay better, even with the present excise duty of one dollar per gallon. Fruits of almost every rope known variety grow inturiantly, apples and main pears are in plentiful supply throughout the sible year; during the past season 180,000 boxes. ands | (averaging 40 lb, each) of peaches were sent tolace. San Francisco, cherries, strawberries, plums, rious quinces, murpherries; figs. gooseberries, and tance ourmints were plentiful for several weeks; from

heups the mouthern part of the State were received

The drug nurket continues in an unsatisfied tory condition. Speculators for high pri es are in the market as sellers. Some transactions tions are in the market as sellers. Some transactions, the in Patna are reported from Importors hands at \$5224 cask and \$6274 on credit to the natives. 8th Bales to arrive have been placed at \$6281 to \$630. Benarca \$615 cash, Malwa \$655, weak. The following fortnightly review is from the Overhand Trade Report of this date: Dajes . At the close of last fortnight, the improvement that that taken place in the Shanghai and Northern lines unirkets, as well as the demand existing there for hief's all descriptions of staple goods, had produced some was signs of life in this market, and a few spoonlative the purchases had been made for shipment thither. Very shortly after the departure of the mail advices were received of still further improvement and a large business doing at Tientain, and the result was some little excitement here, and rhoderate purchases by speculators for shipment, but this only fasted for a day or two, and since, the former state of depression and luxcivity has reigned without interwe. ruption. So far as any native demand is concerned this the native dealers would appear to have described, the trade entirely, and the sanguine hopes enteridens tained of an early revival in basiness from this nrado quarfer, are now scentingly as far off as ever. It rent seems quite imposible to explain this almost com-You Plute consistent of business, and although the matives still say there is no demand whatever from in me theinterfor, this explaination is, to may the, heart becoming rather an unsatisfactory one, taking inkeconsideration many facts connected with the abundant grops of the present season, and the very small stime consumption that has thus far taken place of both de of manufactured jubries the raw materials and Yarn.

were as compared with former corresponding periods.
I my The Chinese dealers here, as they freely admit be a set all themselves, and this is cleary shown by the on of very meagre and conomical purchases they make mins during even fortnight for the mere supply of least by requirements, Whatever may be the cause of igion this stagnation in the native market here, it is evicoune dent that no material improvement can take place. mutil the difficulty ims been removed, and although had the present level of prices may be fully maintained by the active business and advancing market at the North, this market must rely mainly upon it own resources for a healthy and permanent returns of an active business. Shipments to the north from Pur this port have been comparatively large, thereby

of my reducing the stocks in the hands of importers, and adding an additional element for firmness. Frices ver in have advanced under the speculative demand all Lust ready referred to, and to day the market is estramaig sd. Iy bonyant with a decided upward tendency. The a joy, staple weight of Grey Shirthurs, 81 lbs. has advance. to ine; ed fully 8 cents over last adotations, and for favorite ies in chops as high as \$2.97? has been paid. Telloths salem, have also advanced in value, but stocks of these who are extremely limited. Yarn esems to have been enfants, finely neglected, while for Fancy Cottons and Wnollens there is searcely any interest. Present. priods show a very fair margin to the importer, and the market closes very firm: the arrivals during the fortnight have been the and Chelah from London; and the Bella and Verenies

the from Liverpool, all with general orgoes. The Corea the and Princers of Wales may be looked for during the King coming fortuight. SALES ON ADQUET 23TH, ISIS. As reported by Chinese.
